Re: Permit Transfer Application
Materials Energy Research and Recovery Company to
Chemstar Lime Company
Marblehead Mountain Processing Facility
M/045/024, Tooele County, Utah

Dear Mr. Hedberg:

After some effort, we have acquired two maps which may respond to your request as set forth in item 3 of your letter dated November 8, 1993. The maps have come directly from USPCI's office in Lake Point, Utah. We are told that these are the best maps USPCI has and that it will take some time to get a print of the photo that would have better clarity.

In response to the other items as set forth in your letter, we provide the following:

1. See attached page 9 of 9, Attachment A, which reflects the correct legal description of the Marblehead Mountain Processing Plant disturbed area(s).
2. See attached page 6 of 6, Permit Transfer, FORM MR-TRL, Appendix "A", showing the affected acreage to be 80 acres.
3. Item 4. We agree with your insertion.

Mr. D. Wayne Hedberg
January 6, 1994
